VOLUME V.—WESTERN AUSTRALIA

PART I.—ANALYSIS OF POPULATION IN LOCAL GOVERNMENT AREAS AND IN NON-MUNICIPAL TOWNS OF 1,000 PERSONS OR MORE

PREFACE

This publication shows, for the State of Western Australia, the numbers of males and females in each City, Town and Shire and in each Non-municipal Town with 1,000 persons or more, classified according to the characteristics of the population recorded in the 1961 Census. The characteristics dealt with in the following pages are:—Age, Conjugal Condition, Birthplace, Period of Residence in Australia of Persons born outside Australia, Nationality, Religion, Industry and Occupational Status.

This is one of five Parts which will constitute the complete Census Volume for the State of Western Australia, viz. Part I.—Analysis of Population in Local Government Areas and in Non-municipal Towns of 1,000 Persons or More; Part II.—Cross-classifications of the Characteristics of the Population; Part III.—Analysis of Dwellings in Local Government Areas and in Non-municipal Towns of 1,000 Persons or More; Part IV.—Cross-classifications of the Characteristics of Dwellings and of Householders; and Part V.—Population and Dwellings in Localities.

In addition, a number of supplementary statements in mimeographed form are being issued. A list of printed and mimeographed 1961 Census publications already issued is shown inside the back cover of this Part.

Explanatory notes relative to the contents of this Part and to Statistical Divisions, Non-municipal Towns and various other matters follow the Table of Contents.

EXPLANATORY NOTES

This Part contains particulars of the population in each City, Town and Shire and in each Non-municipal Town of 1,000 persons or more in Western Australia according to various characteristics of the population.

The grouping into Statistical Divisions identical with that used in State statistical publications has involved the splitting of Swan-Guildford Shire into two parts. Separate particulars are shown in each Statistical Division (Metropolitan Area of Perth and Swan Statistical Division) for the part of the Municipality within that Division.

A map showing the location and composition of each Statistical Division and a detailed map of the Metropolitan Area of Perth, together with an index to facilitate reference to any Local Government Area or town for which particulars are shown, are inserted at the end of this Part.

Under the system of local government in Western Australia there were, at Census date, 19 Cities and Towns and 126 Shires which covered the whole area of Western Australia. Cities and Towns are regarded as urban in nature. Shires are usually rural in nature, but within Shires, Non-municipal Towns of 1,000 persons or more are, for Census purposes, regarded as urban and shown separately.

Statistics shown in this Part relate to Local Government Areas as constituted at 30th June, 1961, and do not take account of boundary changes since that date. In addition, the changes of designation of Western Australian Local Government Areas from Cities, Municipalities and Road Districts to Cities, Towns and Shires and the change of name of certain Local Government Areas, which took place on 1st July, 1961, have been incorporated in this Part.

Particulars of full-blood aboriginals are excluded throughout.

Because of the limitation of space and the need for uniform presentation of data, it has not been possible to publish more detailed information for Local Government Areas in each table of this Part.
